You need to provide them with some meaningless entertainment, the enjoyment of which does not require further slaughter of brain cells. So here you have it,

Our plan gives anyone 65 years or older a gun and 4 bullets. You are allowed to shoot 2 senators and 2 representatives. Of Course, this means you will be sent to prison where you will get 3 meals a day, a roof over your head, and all the health care you need! New teeth, no problem. Need glasses, great. New hip, knees, kidney, lungs, heart? All covered.

And who will be paying for all of this? The same government that just told you that you are too old for health care. Plus, because you are a prisoner, you don't have to pay any income taxes anymore!
