

THE Filthy Lucre

$C_{11}H_{12}N_2O_2$

Issue 2.13 November 19, 2007

Before we all leave to gorge ourselves on seared bird muscle and mangled starch tubers, the Filthy Lucre has a special report. Lupé burst into the office last week with a stack of yellow papers, and demanded that the Lucre staff currently enrolled at Northern take a student survey. Our intern Brad won't be going to college until at least 2014, but he got ahold of a survey and scribbled it up before we could stop him. So enjoy our completed surveys, and Happy Thanksgiving! -Antimony

Antimony can use a copy of the NMC Archives issues.
